An Array of CE Topics for Pharmacists

PHARMACEUTICAL CARE DAYS

MCPHS University is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. Participants will earn 7.5 contact hours (0.75 CEUs) during the event, including two hours of pharmacy law, for each day of participation (Saturday, Sunday).

Requirements for Credit: Partial credit will not be awarded. All participants must retain a signature sheet at the conclusion of the activity to claim credit, as well as log into the MCPHS website, insert the specific activity code for each session, and complete the evaluation. CE credit will automatically be uploaded to CPE Monitor upon completion of the evaluation and mailed to the participant’s NABP account within 72 hours.

Evaluation: All participants will have the opportunity to review the educational sessions and speakers and to identify future educational needs.

Statement of Disclosure: MCPHS University adheres to ACPE Standards regarding commercial support of continuing pharmacy education. It is the policy of MCPHS University that the speakers and planning committee disclose real or apparent conflicts of interest relating to the topics of the educational activity, that relevant conflicts of interest are resolved, and also that speakers will disclose any unlabeled/unapproved use of drugs or devices during their presentation. Detailed disclosure will be made in the course materials.

Support: A complete list of grant support will be available on the day of the activity.

FRIDAY

Visit alumni.mcphs.edu/ce2015 for Steele Compounding CE event details.

SATURDAY

CHRONIC HEART FAILURE MANAGEMENT: THE NOW AND THE FUTURE

Knowledge-Based | ACPE UAN #0026-0000-15-027-L03-P

•  Discuss the increasing role of the Centers for Medicare & Medicaid Services in heart failure management.
•  Analyze the beliefs and misconceptions various payers have towards heart failure medication management.
•  Compare literature supporting the use of target specific anticoagulants.
•  Evaluate recent literature pertaining to OTC products and/or patient self-care for heart failure.
•  Make appropriate recommendations to patients regarding use of specific herbal health concern.

DIABETES CASES FOCUS SESSION

Knowledge-Based | ACPE UAN #0026-0000-15-028-L01-P

•  Differentiate among the medications in the Food and Drug Administration’s diabetes recommendations, and compare.
•  Summarize generic availability of commonly used agents over the last ten years.

ACUTE EXACERBATIONS OF COPD: THERAPEUTIC CONSIDERATIONS

Knowledge-Based | ACPE UAN #0026-0000-15-026-L04-P

•  Recommend a treatment regimen for a patient with acute exacerbations of COPD.
•  Recommend a treatment regimen for a patient with acute exacerbations of COPD.
•  Discuss the role of ivabradine and sacubitril/valsartan in management of patients with heart failure.
